8TH GRADE STUDENTS CREATED FIGURES OUT OF CLAY. AFTER STUDYING FIGURE DRAWING, STUDENTS HAD TO MAKE THEIR DRAWINGS BECOME 3-DIMENSIONAL CHARACTERS. THE CHALLENGE WAS TO CREATE FIGURES THAT COULD SUPPORT THEIR OWN WEIGHT WITH ACCURATE PROPORTIONS.

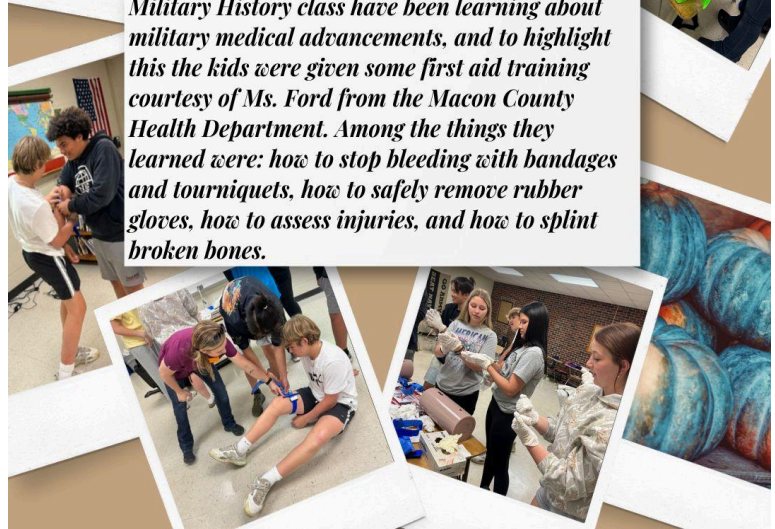

Mrs. Miller - 6th Grade Math

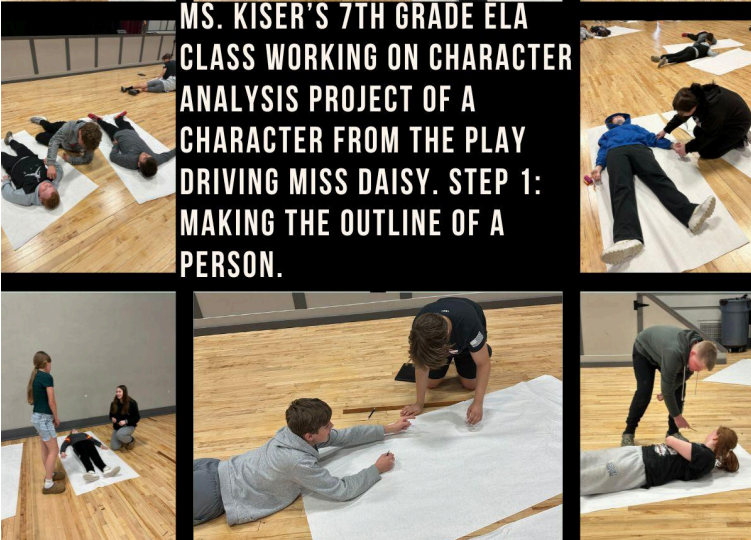

Mrs. Miller's 6th grade math classes are investigating and graphing integers.

Students in Mr. Anderson's Exploratory US Military History class have been learning about military medical advancements, and to highlight this the kids were given some first aid training courtesy of Ms. Ford from the Macon County Health Department. Among the things they learned were: how to stop bleeding with bandages and tourniquets, how to safely remove rubber gloves, how to assess injuries, and how to splint broken bones.

MS. KISER'S 7TH GRADE ELA CLASS WORKING ON CHARACTER ANALYSIS PROJECT OF A CHARACTER FROM THE PLAY DRIVING MISS DAISY. STEP 1: MAKING THE OUTLINE OF A PERSON.

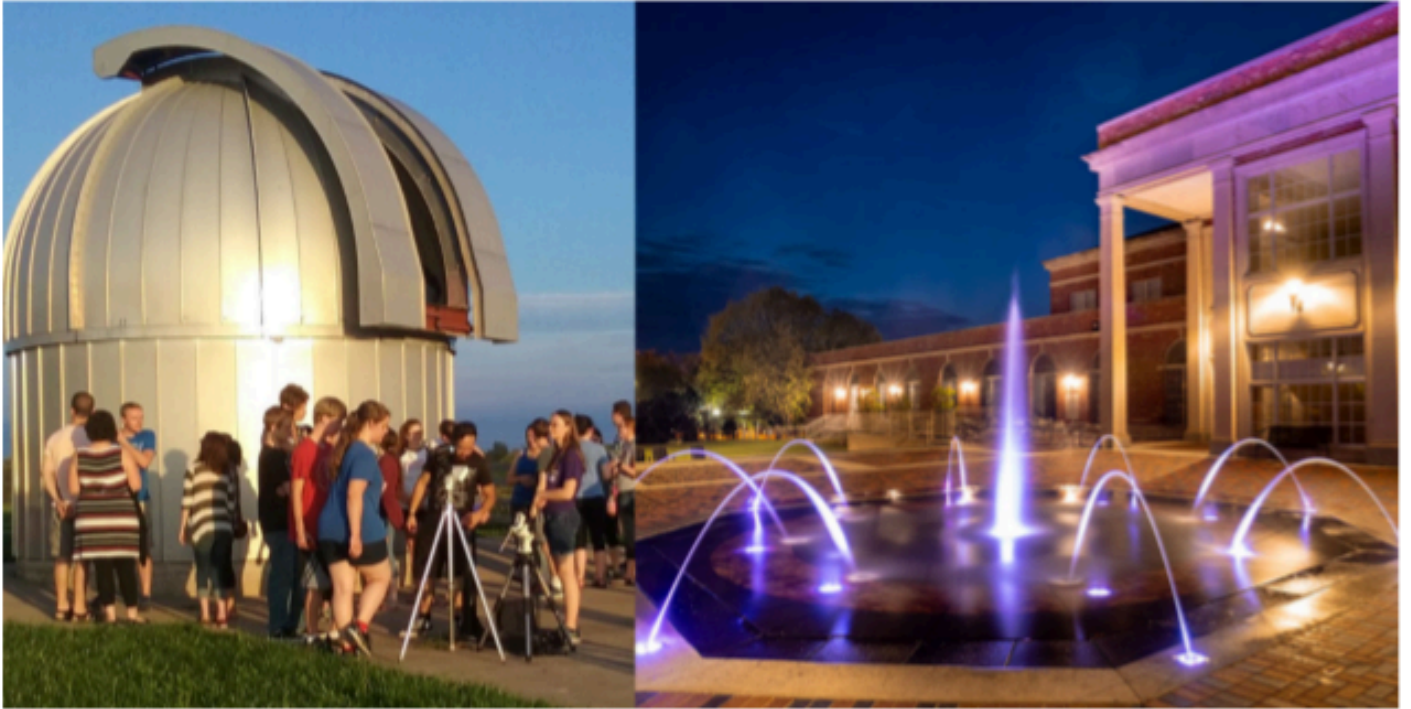

7th Grade Art

7th Grade students created ceramic mugs. Students were challenged to create a mug that depicted an animal of their choice. The mug also had to have a handle. Students were very creative with their solutions to the challenge!
