Paraprofessional Spotlight

Leslie Wright

Leslie has been an employee of the district for 3 years.

My favorite part of being a Paraprofessional is being able to work more one on one, or in a smaller group of students. When they really start to understand something and have a "light bulb" moment, their face covered in a smile from ear to ear, proud and excited of the work they've done; those are the moments that make it all worth it!

Beverly Akers

Beverly has been an employee of the district for 4 years.

The best part of this job is the relationships you build with the students. Helping them succeed and seeing them beam with pride over their accomplishments is priceless.

I so enjoy working in the Early Childhood Special Education Program, otherwise known as "Tiger Cubs!" I have a phenomenal teacher I have the honor of working alongside to begin with. Working with great leadership only trickles down to a flourishing and successful program, which makes my role even more fun and enjoyable! Our students are such a joy to work with, to teach and engage with everyday! Building on skills our kiddos already have, as well as modeling and coaching them through goals they are working on to build autonomy, is a very rewarding experience in my role as a Paraprofessional Specialist!
